"If you want your child to be a better orthogreal, download this application now! With this application, spelling tests become a fun activity that your children expect each time." Endorsed by tens of thousands of parents, teachers and satisfied children and children the world is over. What makes an exclusive A+ spelling test?· Configure your own spelling tests in minutes- You decide which words to add and practice your children and see quickly as they are making for each test they did and what words if if There is fighting with. If you don't want to take a test, you can use the practical mode or let your children divide the words- practice the moving spelling. This app is perfect for use, it is not important where you are. Finally, children can rapidly increase spelling test notes without your help. · Send your homework by and email! After taking a spelling test, just click to send the results instantly to your teacher. Email - easily classifies your spelling lists - supports landscape and portrait mode - Create user accounts to back up on -line spelling lists - import spelling lists existing per rie - includes over 400 lists Spelling in total - Do spelling lists include more than 6,300 words of words to use an A+spelling test? 1. Create a test1.1. Choose the name of the list1.2. Add Words - Words are verified immediately as to spelling to avoid errors1.3. For every word you add, grave your own own - a favorite child2. A test2.1. Or of the word you need to spell - the words appear in random order2.2. Write the word and click Next2.3. See instantly if you got it right or wrong3. Review test scores3.1 Each time you do Test, you will be a detailed report with all the words you got and wrong3.2 Next to each word, you are a green (correct) or red (wrong) so you can quickly see what words children tend to fight with repeatedly. 3.3. Next to each Spelling List, you see the results of the last test that they took ADVANCED OPTIONSace - Instead of doing a regular test, when you click on "Ace it" you have to continue repeating words until you spell them correctly. Once feedback and repetition is the best way to learn, your kids will improve even faster and appreciate it because in the end they will have accelerated every test! Practice - The practice mode does not track your score and offers a quick view of each word when needed with just one click. It is a fun and easy way to get acquainted with especially challenging new words. Unscramble - The active disorganization mode and develops a completely different part of your brain. Instead of instantly listening to the word and having to spell it out, you see a number of letters and have to find out what word they are for. It's fun and another great way to sharpen your kids spelling skills Review mistakes - With every test you have done, you can choose to quickly retain any / all errors. In addition, on the main page, you can always click to review all the words that have been mistreated in your last attempt. Enhanced email submission - Don't you remember your children's teachers email? No problem. Just enter it once on the settings page and each time you click to email out of the test, the teacher's email address will be pre-filled in the TO field. Clear Test Scores - at any time, you can delete all previous test results from the settings page with one click or delete individual test scores one at a time.
